

HARVEST NEWS

20th – 26th February 2012

CURRENT NEWS

- Old season Pukekohe carrots have now come to an end and we have moved on to the new season Ohakune product.
- The American garlic supply has finished and we now have NZ available. Chinese is still available as a cheaper option. Peeled still great value @\$12.66kg.
- We have local apple cucumbers in stock @\$1.00 each.
- New season Bosc pears and Nashi pears will be available from Wednesday 22nd Feb.
- The capsicum supply situation is still very tight. Red, yellow and orange all expensive, greens are the best buying this week.
- Lemons supply and quality should improve through the week as we move into more new season fruit.
- Snow pea pods and sugar snaps now back in stock.
- Strawberries, blueberries and blackberries still in stock. Raspberries available on a pre-order only basis.
